## Dixie Kiefer:

### The Indestructible Man

Dixie Kiefer was a pioneer in naval aviation who served in World War 1 and World War II. On November 11, 1924, Kiefer made aviation history, and San Diego history, by being the first person to fly a plane off a ship at night. Learn about this incredible aviator's service to his country- from getting buzzed by an airplane to surviving attacks from Japanese kamikazes- from author David Rocco. Kiefer's amazing story of grit, adventure, and survival is not one to be missed!
