

WOOD OWL ORNAMENTS

SUPPLIES

- Wood slices
- Wood buttons (2-4)
- Pencil and pen (fine-tip Sharpie works well)
- Yellow cardstock
- Brown pipe cleaners

INSTRUCTIONS

1. Using a pencil, trace out the lines that will be the feathers (see image below)
2. Cut a small triangle out of yellow cardstock, this will be the beak
3. Cut two pieces of brown pipe cleaner, both about 1 inch. Wrap one around the other to form the feet and cut to desired lengths (see image below)
4. Using the pens, draw over your pencil feather lines. Erase any pencil still visible
5. Assemble. Using hot glue, glue the beak to the middle of the wood slice then glue on the eyes. Glue the feet to the bottom of the wood slice, along the bottom edge
6. Tie with string.
